

Cal/Amp® skySmart™

Sell Connected Car Services Provide Peace of Mind

Sell Connected Car Services to Your Customers

SkySmart enables Buy Here, Pay Here dealers to sell a hassle-free, highly profitable add-on service to consumers. When your Finance and Insurance department bundles the SkySmart mobile app, you can give customers the added value of a connected car with powerful features, including stolen vehicle recovery, pinpoint vehicle location, and real-time alerts for possible towing and low vehicle battery. SkySmart helps your customers turn any car into a smart connected car, all from an easy-to-use mobile app.

Features

With SkySmart, your customers will enjoy the following features and benefits:

Lockdown My Car

Get an instant alert if the vehicle is moved from its parked location

Stolen Vehicle Recovery

Get immediate notification and start the recovery process with one tap

Find Your Car

View your vehicle's last known location

My Locations

Set up to six locations and get notified when the vehicle enters or leaves any of them

Find Gas, Car Wash, or Tow

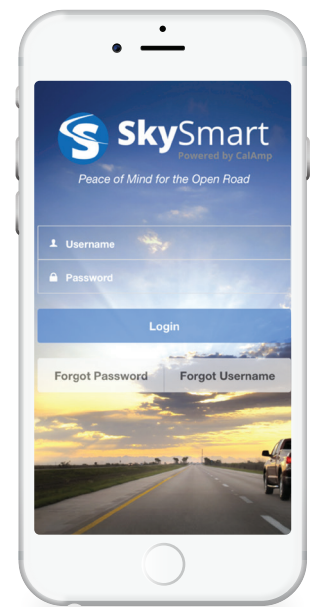

Easily locate services near you

My Alerts

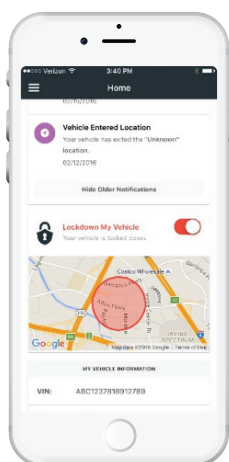

Get notified automatically if your car battery is low, or your car is being towed or impounded

Teen Driver Monitoring

Pinpoint vehicle locations show your teen driver's whereabouts, and geozones tell you if they've arrived on time.

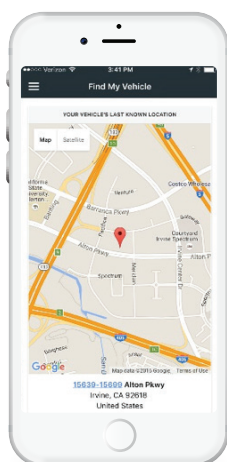

SkySmart provides peace of mind for the open road

Notifications

The SkySmart solution is coupled with CalAmp's CVF-200

- Small form factor
- Easy to install
- Tamper resistant
- Three-axis, high-resolution accelerometer
- Enables detection of motion and towing

Requirements:

With the CVF-200 discretely installed, your customers only need to download the app to begin connecting with their cars.

About CalAmp

CalAmp (NASDAQ: CAMP) is a telematics pioneer leading transformation in a global connected economy. We help reinvent businesses and improve lives around the globe with technology solutions that streamline complex IoT deployments and bring intelligence to the edge. Our software applications, scalable cloud services, and intelligent devices collect and assess business-critical data from mobile assets, cargo, companies, cities and people. We call this The New How, powering autonomous IoT interaction, facilitating efficient decision making, optimizing resource utilization, and improving road safety. CalAmp is headquartered in Irvine, California and has been publicly traded since 1983. Lojack is a wholly owned subsidiary of CalAmp. For more information, visit calamp.com, or LinkedIn, Twitter, YouTube or CalAmp Blog.
